"The Subscriber, having, since giving my testim-
-ony before the Council yesterday, recollected a fact
distinctly which then I did not remember, I wish
hereby to correct the error, which I feel to be impor-
tant in the Case of trial before said Council; and
now solemnly affirm that, when I visited sisters
Sally C. Grosvenor, in company with Dea A. Flint
& Mr. Daniel Flint in the Evening, after much
conversation between us & Sister Grosvenor, it was
expressly agreed between us all that we who visite-
-d her should report to the Church that we had
received entire satisfaction and that the whole
difficulty was settled, so far as we were concerned.

Dea Addison Flint—

PHELPS MSS.

Deor Brother,

When you visited me with two other brethren last Friday the 7th Inst. I understood you to say, and my Father understood the same, that you had come with the other brethren, to visit me in reference to a private difficulty, which you held with me, and which you manifested a desire to settle privately. Thus regarding the object of your visit—I proceeded to remove your difficulty and succeeded to your entire satisfaction as you and the other brethren stated at the close of our interview. Now what reason or propriety you find for making this private affair public I know not. I expected, Matt. 18 17 that if I had neglected to hear you and the brethren, that you would then tell it to the Church. But what concern the Church or any individual not present at the time have with the private adjustment of our difficulties I cannot conceive. Tis true I gave you permission to say to the Church or to any individual merely that the difficulty between us was settled without any further explanation. This is the extent of publicity that I have consented ~~should be~~ or can consent should be given to the affair. His communication is strictly confidential. Truly your Sister in Christ

Sally E. Grosvenor"
